

# R2-16BSP-316

## H12W STAINLESS STEEL SCREWED VERTICAL TYPE CHECK VALVE

### Technical requirement

1. making and confirming according to the regulation of GB/T12224-1989;
2. other technical requirements, according to the regulation of JB2884-81;
3. supply the regulation of demanding to press GB/T12252-1989;
4. The valve is checked and tested according to the regulation of GB/T13927-92.

Part Name	Body,Guide Sleeve,Disc	Sealing Face
H12W-25P H12W-40P	Cr,Ni,Ti Stainless Steel	
H12W-25R H12W-40R	Cr,Ni,Mo,Ti Stainless Steel	
H12H-16C	Carben Steel	B-weld harden alloy

PN Nominal pressure	PS Structural testing pressure	Pressure testing pressure		Operating temperature	Working pressure
1.6	2.4	1.8	0.6	≤200℃	1.6

Suitable the medium: General corrosive medium, medicine fluid, drink

DN	G	L
15	1/2"	68
20	3/4"	78
25	1"	89
32	1-1/4"	100
40	1-1/2"	106
50	2"	121
